

אישח"מ - איגוד ישראלי לשיטות חישוביות במכניקה
IACMM – Israel Association for Computational Methods in Mechanics

Call for Lectures

The 53rd Israel Symposium on Computational Mechanics (ISCM-53)

Date: Thursday, October 31st, 2024

Venue: Afeka - The Academic College of Engineering in Tel Aviv

Keynote Lecture: Synergy between Multiphysics/ Multiscale and Artificial Intelligence
Prof. Adnan Ibrahimbegovic, Universite de Technologie Compiegne – Alliance Sorbonne
Universite

Call for lectures:

We invite lecture proposals in all the fields related to computational mechanics, in its broadest sense. Please email abstracts to Dr. Sara Naftali (saran@afeka.ac.il), Dr. Uri Albocher (uria@afeka.ac.il), and Assoc. Prof. Mahmood Jabareen (cvmah@technion.ac.il) by **September 1st, 2024**.

The abstract must contain, on one page, the title in Hebrew and in English, the full names and affiliations of the authors in Hebrew and English, with the name of the presenter underlined, the email address of the corresponding author, and the abstract text itself.

Local organizers:

Dr. Sara Naftali, School of Medical Engineering,
Afeka - The Academic College of Engineering in Tel Aviv

Dr. Uri Albocher, School of Mechanical Engineering,
Afeka - The Academic College of Engineering in Tel Aviv

Organizing Committee:

Dr. Sara Naftali, School of Medical Engineering,
Afeka - The Academic College of Engineering in Tel Aviv

Dr. Uri Albocher, School of Mechanical Engineering,
Afeka - The Academic College of Engineering in Tel Aviv

Assoc. Prof. Mahmood Jabareen, Faculty of Civil and Environmental Engineering,
Technion – Israel Institute of Technology

One of the lecturers (excluding the invited lectures) amongst the 52nd and 53rd symposia will be awarded the association's support for traveling to an international conference in the field of computational mechanics.
